

Goodbye Renting (TPO) Hello Ownership

Introducing our **30-Year Solar & Battery Warranty Solution**

Investment Protection

We protect your family's investment by covering service, repair, and labor costs for 30 years.

Battery Replacement

Even after the manufacturer's warranty expires, the Warranty will replace your battery once within the 30-year coverage period if the battery falls below 50% capacity.

Transferable Ownership

Our warranty transfers freely to the new homeowner at no cost for 30 years.

A photograph of a modern house with solar panels installed on its roof. The house is white with a dark roof and a wooden garage door. A large, stylized sunburst graphic is overlaid on the right side of the image. Five circular callout icons are placed around the house, each pointing to a specific warranty feature: 1. Top left: A person working on a roof, labeled 'Solar System Coverage'. 2. Middle right: A close-up of solar panels, labeled 'Roof Penetrations within 3" of solar'. 3. Bottom right: A person on a phone, labeled 'Service & Repairs'. 4. Bottom right: A battery, labeled 'Battery Protection'. 5. Bottom right: A house with a checkmark, labeled 'Transferable Ownership' (though the text is on the left side of the flyer).
